## ■Disclaimer

- ① This information system from Ichinomiya city about natural disasters is delivered by e-mail, but some information isn't delivered.
- ② You can use this system free of charge, but the communication charge will be the user's burden.
- ③ Please check your e-mail spam filters to allow e-mails from "anshin@138bousai.jp" before registering.
- ④ This system is not compatible with some e-mail services.
- ⑤ There might be a delay when accessing the site and receiving mail.
- ⑥ Because the data is being sent automatically from observation equipment, there is the possibility of sending not-accurate figure information about excessive rainfall and flooding due to mechanical trouble.
- ⑦ This system is in effect 24 hours a day, so e-mail may be delivered at anytime.
- ⑧ If the e-mail delivered from this system encounters an error, and can't be delivered, registration is canceled without notifying the user.
- ⑨ Due to communication line trouble, system failure, etc., delivery might be suspended without informing the user.
- ⑩ The service contents of this system might be changed or eliminated without notice.
- ⑪ Any consequences of using this service are born by the user, so please take that into consideration before accepting the terms.
- ⑫ Secondary use and redistribution to a reproduction distribution, publication, broadcast, etc. is prohibited. When forwarding e-mail by an individual, flash characters of the contents is sometimes lost, so please be careful.
