Nihongo Hiroba
free Japanese lessons for foreign residents

From The Volunteers of the
Ichinomiya International Association

“Nihongo Hiroba” is a place where volunteers from the iia teach Japanese language. These lessons are open to all foreign residents living in the greater Nagoya area, regardless of language ability. And the best thing is, it is possible to join at any time of the year.

Bring your own textbook, or use one of ours. Study *hiragana*, *kanji*, grammar or just come to practice speaking. Volunteers are happy to adjust to your needs and level. Bring your pencils, notebooks and learn Japanese while getting to know some of the locals and other foreign residents in the area.
